
3.5" Touch Panel Wall Controller

The iTC-1 is a programmable 3.5" touch-panel wall controller for use with Ivie MAP audio mixers. The iTC-1 has a simple, intuitive setup through either Sonata™, or Aria™ software, and can hold up to 128 virtual controls, providing flexibility to installers for nearly any application. The iTC-1 fits into a standard 2-gang wall box or re-work box, and is powered by the mixer via CAT5e or better cable up to 1,000 feet. Up to 6 iTC-1 controllers can be daisy chained on a single CAT5 cable to the mixer. Compatible with the Ivie RCX-6 smart port expander.

FEATURES

- 3.5" 1/4 VGA display, with capacitive touch panel

- Powered by the MAP mixer via CAT5e cable up to 1,000 feet.
- Dimensions - 4.5 x 4.5 x 1.25 inches
- Weight - 6.6 oz.

SAMPLE SCREEN SHOTS

WARRANTY (Limited): Ivie iFlex controller products are guaranteed for two (2) years from date of original purchase against malfunction due to defects in workmanship and materials. If such malfunction occurs, unit will be repaired or replaced (at our option) without charge for materials or labor, if delivered shipping prepaid, to an authorized Ivie service facility. Warranty does not cover finish or appearance items or malfunction due to abuse, modification, lightning, or operation at other than specified conditions. Repair by other than Ivie or its authorized service agencies will void this guarantee. Products are sold on the basis of specifications applicable at the time of malfunction. Ivie shall have no obligation to modify or update product once sold.
