

Ivie's IE-35 Now Offers LEQ!

Convenient Powerful Cost Effective

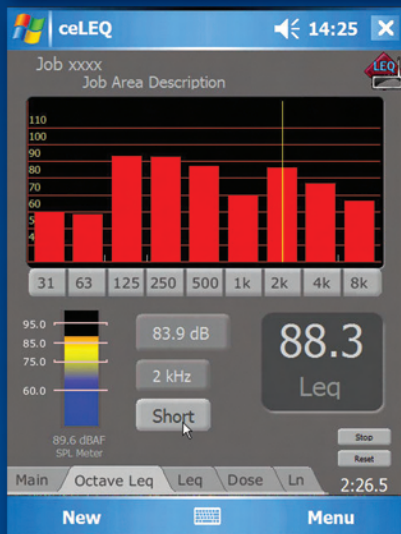

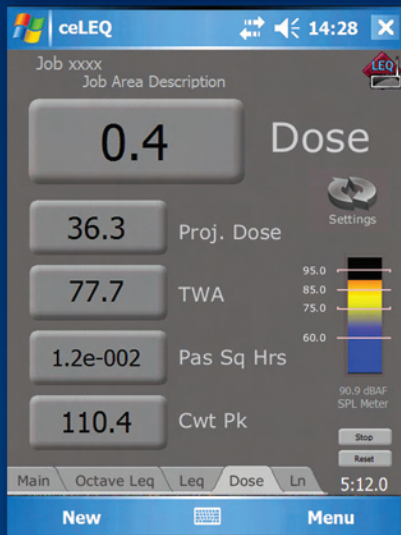

Ivie presents a full-featured LEQ Survey Instrument!

Intuitive, feature rich, ultra-compact, easy to use.

Type I performance with optional compact pre-amp and mic

Comes with Ivie's respected IE-35 Audio Analysis Software

Ivie's Model LEQ-35 Survey Instrument

Ivie Technologies, Inc. presents a truly full-featured, compact, user-friendly LEQ Survey Meter. The vivid color display, GUI layout, and button/tab-function interface make the LEQ-35 quick and intuitive to operate. The LEQ-35's ultra-compact nature makes it ideal for portability and field use. Measurement information is imparted clearly and quickly. Operation is reliable and versatile. LEQ-35 meets all LEQ survey needs.

The LEQ-35 standard package comes with Ivie's respected and versatile IE-35 Audio Analysis software application. The LEQ-35 is available with Type I and Type II packages.
