- Control runs via CAT5e cable up to 1,000 feet (using RS232).
- Dimensions - 4.5 x 4.5 x 1.25 inches
- Weight - 6.6 oz.

**WARRANTY (Limited):** Ivie controller products are guaranteed for two (2) years from date of original purchase against malfunction due to defects in workmanship and materials. If such malfunction occurs, unit will be repaired or replaced (at our option) without charge for materials or labor, if delivered shipping prepaid, to an authorized Ivie service facility. Warranty does not cover finish or appearance items or malfunction due to abuse, modification, lightning, or operation at other than specified conditions. Repair by other than Ivie or its authorized service agencies will void this guarantee. Products are sold on the basis of specifications applicable at the time of malfunction. Ivie shall have no obligation to modify or update product once sold.
